

Creative Media Production

Welcome message

Hello there! We are very much looking forward to welcoming you to study with us in September 2025! The team is busy preparing your study programme for you and we can't wait to share with you our curriculum plans. We are also intrigued to see what creative wonders you have in store for us!

Uniform/Kit/PPE requirements & where/how to order

Media - come as you are, but you will be on location regularly (on and offsite), so comfortable shoes/trainers and a warm and water-proof coat is essential. Be prepared to work in the rain!

You will need to supply your own personal stationery that includes: notebooks/journal, pens, pencils etc.

Essential: all media students will need their own:

- Notebook and pens - for taking notes during lectures and in production meetings.
- Headphones with a 3.5mm jack (not bluetooth/airpods).
- 16GB SD card for audio work **and** 64GB+ SD card for video work.

Amazon or Argos provide a good range of these resources. We no longer provide these. We work in google drives so external hard drives are no longer as work can be accessed remotely.

Health & Safety information e.g. no piercings, hair tied back etc

For nearly all practical work you will need to tie long hair back. We may advise you that some piercings will need to be removed ahead of practicals, but these should be fine for the majority of non-practical sessions. We will issue hi-vis jackets for production work.

Additional qualifications (where applicable) e.g. BHS / First Aid / Refereeing quals etc

N/A

Student expectations (Code of Conduct)

Expectations will be laid out in our student handbook - which will be shared with you and parents shortly after enrolment. We will go through all of our expectations during induction and again mid-year.

Locker info (where applicable)
