

# Remote Learning

**BCA will deliver remote learning during the academic year where government guidance dictates. The following shares how we will deliver learning remotely and our commitment to meeting or exceeding student expectations through maintaining a high quality learning experience.**

We will:

- Continue to teach well planned and sequenced remote study programmes and training in order to build and develop knowledge and skills.
- Use a range of platforms and technology to meet the learning needs of all of our students. These will include live streamed lessons with teacher interaction, recorded lessons, workbooks and direct 1:1 and small group support alternative channels.
- Have robust systems in place to monitor and follow up on attendance. Additional measures and support will be allocated to those struggling to engage with remote learning.
- Undertake regular scheduled assessments to manage and track student progress.
- Regularly communicate with parents and carers to ensure a team approach.
- Ensure learners who are considered vulnerable or who have additional needs receive appropriate levels of support and are provided with learning activities which support their learning and progress.
- Ensure apprentices receive the support and resources they require to access remote learning and that the apprentice and their employer have regular contact from their assessors via online meetings, email or phone.

## **We expect you:**

- To maintain high attendance. You will be provided with an online timetable, which you are expected to follow. Timetables will vary depending on which department you are in and if you attend maths and English GCSE classes.
- To fully participate in all lessons and work.
- To keep channels of communication open with your teachers (and assessors for apprentices).
- To abide by the student code of conduct and guidelines for online working.

## **Support and Guidance**

- We will provide support, guidance and resources to enable all students to access online learning. If you are a student who requires support and has not yet received communication from BCA staff please contact us at [enquiries@bca.ac.uk](mailto:enquiries@bca.ac.uk)
- Where required we will loan devices to students who are otherwise unable to participate in online learning.
- Our safeguarding and student welfare team will continue to work closely with our students, counsellors and support agencies to ensure the safety and well-being of all.
- Student services and pastoral teams will work closely with students and their parents/carers to remove any barriers to learning.
- Industry placement, careers and UCAS advice will continue to be offered remotely.
